## **Physical and Cognitive Requirements**

UCHRA operates primarily as a curb-to-curb service; however, drivers will provide reasonable assistance as needed to enable passengers to use the service, including assistance boarding, exiting, and when necessary, to or from the first exterior door, unless doing so would pose a direct threat or result in a fundamental alteration of service. Violent, disruptive, or illegal behavior shall be prohibited. Drivers are not permitted to enter private residences. Conduct that poses a direct threat to the health or safety of others or results in a serious disruption of service is prohibited. Passengers should have the ability to manage themselves during their transit. Passengers are responsible for their own belongings. UCHRA Public Transportation is not responsible for lost or stolen items. Must not have any contagious communicable diseases that are transmitted when in close proximity (measles, mumps, chicken pox, staph (MRSA), etc.)

## **Passenger Assistance Companion/Escort/Personal Care Attendant Policy**

UCHRA Public Transportation is responsible for providing door-to-door service. All drivers are required to assist each passenger in and out of the vehicle. Passengers who require assistance beyond what the driver can provide may travel with a Personal Care Attendant (PCA). The need for a PCA is not limited to assistance provided during the trip itself.

# **Rules & Driver's Responsibility**

## ***Passenger Safety***

Your driver is trained in appropriate safety requirements and all applicable local, state, and federal laws and regulations. In addition, ongoing training is provided throughout the course of employment. Vehicles are serviced on a regular basis through our maintenance facility and are equipped with the required safety equipment. UCHRA Public Transportation is committed to providing a safe, pleasant mode of transportation for all customers. To provide a safe and enjoyable ride for all passengers, we request the following guidelines for all passengers:

## **Wheelchairs**

As defined by DOT/ADA, a wheelchair is defined as a mobility aid belonging to any class of three (3) or more wheeled devices usable indoors, designed or modified for and used by individuals with mobility impairments, whether operated manually or powered. Transit providers must carry a wheelchair and occupant if the lift and the vehicle can physically accommodate them, unless doing so is inconsistent with legitimate safety requirements. Drivers are not permitted to operate power mobility devices for passengers unless it is during the securement process. Passengers in mobility devices must allow drivers to properly secure the device. When transporting a passenger in a wheelchair, it must be properly secured with a 4-point tie-down system with a lap belt and shoulder harness. For your safety during transport, we suggest wheelchairs be equipped with functional brakes, footrests, and the wheelchair be set in the upright position.

## Rules & Driver's Responsibility, continued

### Riders Rules

For the most pleasurable, safe transport, all passengers should maintain orderly conduct while aboard the vehicle:

- No loud, violent, or abusive conduct (physical or verbal) will be allowed. Passengers should not make threats or act in a threatening manner toward agency employees or other passengers.
- Bag Limit Policy: Riders may bring what they can carry in a single trip without requiring assistance and without taking up another seat.
- Passengers are responsible for all personal belongings while on board the vehicle and must remove belongings and any trash upon exiting the vehicle.
- Portable oxygen tanks must be secured while in transit.
- Passengers must wear seat belts while in transit aboard the vehicle.
- Children will be transported according to Tennessee Child Restraint Laws.
- Service animals are permitted on UCHRA Public Transportation vehicles. *Please see the full ADA Service Animal Policy on page 7.*
- Passengers are not allowed to tip drivers or give them gifts.

UCHRA will not deny service to an individual based solely on disability, including behavior or appearance related to a disability, unless such behavior poses a direct threat to the health or safety of others or results in a fundamental alteration of service. The agency strives to make the transport of passengers a pleasant experience. Any person(s) that are transported by UCHRA Public Transportation should be mindful of other passengers and their rights to a clean environment. Good personal hygiene is suggested to ensure that everyone on board the vehicle is comfortable while being confined with others in a closed area.

### Bag Policy Reminders

Riders may bring only what they can carry in a single trip without requiring assistance and without taking up an additional seat.

Situations where an excessive number of bags take up floor space and limit seating availability create safety concerns and can impact service for other riders.

#### What is Allowed:

- Only what you can carry in one (1) trip, without assistance from the driver, is required
- Items that do not block aisles or take up extra seating

Riders who exceed the bag limit may be asked to reduce items before boarding. Service may be delayed or denied.

*The above images are examples of too many bags; taking up floor space, exceeding what can be carried in one trip, and limiting space for other riders.*

## Rules & Driver's Responsibility, continued

### Service Animals Are Welcome

Under the Americans with Disabilities Act (ADA), a Service Animal is an animal individually trained to perform tasks for a person with a disability. ### Service Animal Expectations

- Service Animals must remain under control at all times.
  - ADA defines "under control" as:

- Aggression toward a passenger
- Aggression toward the driver

### Pets

- Pets must be in a secure, enclosed carrier

## Emergency Procedures

If an accident occurs, passengers are to remain calm and follow the directions of the driver. Each driver is trained in accident and emergency procedures. If evacuation of the vehicle is warranted, passengers should unload in an orderly manner.

## Bad Weather Policy

If bad weather is forecasted or develops in your county, UCHRA Public Transportation will only provide medically necessary trips when possible. Exceptions will be made on days when main roads are clear and drivers have determined that passengers can be transported safely. If this occurs, passengers will be notified that transportation is available. Contact 1-833-UC TRIPS (828-7477) or your local UCHRA Public Transportation office to cancel or reschedule your trip.

## UCHRA Public Transportation Health Policy

This policy is to ensure the wellbeing, health, and safety of our transit drivers and passengers. Contact with bodily fluids, such as blood or vomit, poses a health risk to UCHRA Public Transportation drivers and passengers on board agency vehicles. If a driver arrives to pick up a passenger and his or her clothing is soiled with feces, urine, vomit, or blood which is not dressed in a manner that prevents seepage of bodily fluids, the driver contact dispatch and request additional assistance with the trip.

3. Third occurrence: Suspension for six (6) months
4. Fourth occurrence: Expulsion from the vehicles

*\*UCHRA Public Transportation reserves the right to skip any of the above occurrences. UCHRA Public Transportation has the right to deny transportation to any passenger according to the seriousness of the incident. No-show and cancellation violations are addressed under the UCHRA No-Show Policy and may follow a separate progressive process.*

## Disciplinary Appeals

Violator may appeal or request future transportation services in writing to:

## No Smoking Policy

No use of any tobacco products, electronic cigarettes, personal vaporizer, or electronic system, etc., within 50 feet of a UCHRA Public Transportation vehicle, staff, or customers.

## UCHRA Public Transportation Cancellation/No Show Policy

To ensure reliable transportation for all members of our rural community, we have established the following policy regarding missed trips. Because our routes cover significant distances, every missed trip prevents another passenger from receiving service.

### 1. Definitions

- No-Show: When a vehicle arrives within the scheduled pickup window, and the passenger is not present, not ready, or declines the ride.
- Late Cancellation: A ride canceled less than two (2) hours before the scheduled pickup time (during business hours).
- Pickup Window & 5-Minute Rule: Drivers will wait up to five (5) minutes after arriving within the scheduled pickup window. If the passenger is not ready, the driver must proceed to the next stop.

### 2. Policy Overview

UCHRA Transportation recognizes that occasional missed trips may occur. However, repeated no-shows or late cancellations may be considered a pattern or practice of missed trips, which can result in service restrictions. A pattern or practice generally means multiple avoidable no-shows or late cancellations within a rolling 30-day period. Trips missed due to circumstances beyond the rider's control will not be counted toward this policy.

### 3. Progressive Steps

- First Occurrence: A courtesy notice (door hanger or phone call) will be provided to inform the rider.
- Second Occurrence (within 30 days): The rider will be required to call in to confirm trips. Subscription trips may be limited to a two-week period unless confirmed. (Medically necessary trips may be exempt.)
- Third Occurrence (within 30 days): May result in a temporary suspension of booking privileges.

### 4. Suspension Guidelines

Suspensions will only occur when there is a documented pattern or practice of no-shows. Suspensions will be temporary and reasonable, typically not exceeding 7-14 days, depending on frequency and severity. Riders will receive written or verbal notice before any suspension is applied.

### 5. Exceptions

The following will not count as no-shows or violations:

- Medical emergencies
- Severe weather conditions
- Vehicle delays or system-related issues
- Circumstances beyond the rider's control

Riders should notify dispatch as soon as possible when these situations occur.

### 6. Appeals Process

Riders have the right to appeal any suspension. Appeals must be submitted within 10 business days of notification. Appeals can be made by phone or in writing. UCHRA will review and respond within a reasonable timeframe. Service will be reinstated if the appeal is approved.

### 7. How to Avoid a No-Show

Cancel trips at least two (2) hours in advance (during business hours). Be ready at the start of your pickup window. Notify dispatch promptly if plans change.

## Upper Cumberland Human Resource Agency Health Insurance Portability and Accountability Act (HIPAA)

**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED, DISCLOSED, AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

UCHRA has always been very careful to protect the privacy of our clients' medical transportation information. We respect your right to privacy and have always handled your personal information with the utmost care. We hope this privacy practices statement answers any questions you may have.

UCHRA, as a provider of transportation services that bills insurance companies and government payers for transporting clients to medical facilities, is required by law to maintain the privacy of protected health information, including transportation records. We are also required by law to give you this statement and to adhere to the practices described in it. The law requires us to provide this notice in advance of your first service whenever possible. It also allows us to collect information by phone or other means ahead of time to expedite service to you, and it allows us to transport you immediately as long as we make a good-faith effort to present this statement as soon as possible. We are required by law to prominently post this notice and any future revisions in all our service locations. If you do not see this notice posted, please ask a staff member to point it out to you.

This notice is effective as of April 14, 2003. We may find it necessary to change our practices in the future and reserve the right to do so without notice. Any changes will be highlighted and dated on the posted notice at all service locations by the time they take effect, and we will begin distributing revised notices at that time. We encourage you to check our posted practices each time you visit. If our practices change, we will not separate or reorganize our records based on the notice that was in effect at the time they were created. All records will be maintained together. You may request a copy of our privacy practices and any revisions at any time. Please ask a staff member for a copy.

The law also requires us to make a good-faith effort to obtain your written acknowledgment that you received this notice. This is why we ask you (or your personal representative, such as the parent of a minor child) to sign confirming that we provided this notice. If you choose not to sign, the staff person who presented it will sign a statement indicating they gave it to you. If you have any questions about this notice or any part of it, please ask a staff member. If your concerns are not addressed to your satisfaction, please contact the Human Resource department at (931) 528-1127.

Your medical transportation records are kept in secure office locations, accessible only to those who need them and only to the minimum extent necessary to perform their job duties related to transporting you for medical treatment, securing payment, or supporting healthcare transportation operations. This means that if someone does not need to view your record to perform their responsibilities, they will not be allowed access. If records are maintained or shared electronically, reasonable and appropriate security measures will be used to protect your information. All staff are trained in privacy protection methods and have agreed in writing to abide by the practices described in this notice.

The law allows us to use your personal health information for the purposes of treatment, payment, and healthcare transportation operations. What this means is that while protecting the privacy of your information, releasing only the minimum necessary information to accomplish our purpose, in order to provide you the best service possible, we must share your information among our staff and others.

## **Disclosures for Transportation to Treatment**

It is necessary for our staff to share information with each other in order to receive the orders to transport you, dispatch those orders to a county office, get your name on a manifest for a van or car, and get you picked up and to the appropriate medical facility or other destination. We must also share information about when you need to be picked up and returned home or another destination.

## **Disclosures for Payment**

We are allowed to use your information for the purpose of payment. This means that office and billing staff may use the minimum necessary amount of your information to collect payment from any insurer, government program, or any other payer, including yourself. At times, an insurance company or other payer requires us to send them a medical transportation record for their review before they will pay for services rendered by us. When such a request occurs, we review your record and send them only the minimum necessary amount of information that, in our opinion, satisfies their needs. However, by contract with both you as the member and us as the provider, most plans have a contractual right to review your entire record on demand. If they make such a demand, we must comply. If you wish further information about this process, please call the Human Resource department at (931) 528-1127.

## **Disclosures for Healthcare Operations**

We are allowed to use your information to facilitate healthcare transportation operations. This means that we can use your information to help us schedule, review for quality assurance, or risk management of corporate compliance, or any other way that we see fit to help us measure and improve the quality of service that we provide. At times, it is necessary to mail, fax, or electronically transmit your personal health transportation information for the purposes of treatment, payment, or healthcare operations. For example, we will fax your transportation order to a county office, and later they will fax us a record of your trip. In addition, at times it is necessary to transmit transportation information, including your name, address, phone number, and destination, over our radio system. Our area of service is so widespread and rural that there is no better communication alternative at this time that would help us meet your service needs. We limit the information transmitted to the minimum necessary to get you where you want to go.

Similarly, at times, it is necessary to transfer your information between our locations to an insurance company, governmental agency, or other payer, and we will use reasonable and appropriate security measures, whether they are being transferred physically or electronically. If your record is maintained in electronic form, reasonable and appropriate measures will be taken to protect your personal information, access being allowed only to the minimum necessary extent that each staff member needs to be able to make their best contribution to your service. Precautions will be taken to prevent unauthorized access both within our company and from outside our company. If you have questions about these reasonable and appropriate measures, please contact Human Resource department at (931) 528-1127.

We reserve the right to change these policies without notice other than visibly posting them in each of our service locations without segregating our records. We will distribute revised notices in advance of the effective date of any revisions. We once again encourage you to read the posted practices each time you visit us.

We will only release your records under the above circumstances unless required to by court order or compelled to by a government agency for any reason, including public health or law enforcement purposes. Any other uses and disclosures will be made only with your authorization. If you give us an authorization and later change your mind, you can cancel that authorization. If you sign and then later revoke an authorization, we will, between the time of the authorization and the revocation be allowed to release your record as stated in the authorization that you sign. We will maintain a record of any release of your personal health transportation information not covered in this statement or authorized in a separate document signed by you or your personal representative, if any. You have the right to request a disclosure of this record of releases in writing to the Human Resource department at UCHRA 580 S. Jefferson Ave., Ste. B; Cookeville, TN 38501.

## Disclosures for Healthcare Operations, continued

You can request restrictions in the handling of your information contrary to the practices described in this notice. Any request of this nature must be made in writing to the Human Resource department at UCHRA 580 S. Jefferson Ave., Ste. B; Cookeville, TN 38501.

Be aware that as we are already committed to keeping your information as private as possible, and that any further restriction may interfere with your transportation to treatment, our right to pursue payment from a plan or insurer, and may hinder our healthcare transportation operations. Such an added restriction may cause responsibility for payment to fall exclusively to you. This means that you may have to pay for your services in full. We are not required to accommodate your request. You have the right to review or receive a copy of your medical transportation record. You must make this request in writing to the Human Resource department at UCHRA 580 S. Jefferson Ave., Ste. B; Cookeville, TN 38501. We will respond to your request within 10 days.

There will be a charge for this service based on copying costs only, stated in advance. You have the right to amend your record if you do not agree with it. This means that you may ask that your statement be placed in your record, disagreeing with a part of your record. We then have the right to attach a statement to your record responding to your concern, whether we agree or disagree with your amendment. Please discuss any concerns in this regard to the Human Resource department at (931) 528-1127.

We will require our business associates (persons or entities who perform services) on our behalf to sign statements of acknowledgement of an agreement with our privacy practices. Our business associates, whether information is shared with them incidentally or in the course of transportation, payment, or healthcare operations. Agree to protect your privacy in the same ways that we do by signing these specific agreements. These agreements may in the future become a part of contracts with our business associates.

We will never use or share your personally identifiable health transportation information with anyone for marketing or research purposes without clearly explaining to you how your information will be used and having you sign an authorization for this use ahead of time.

If you feel that your privacy rights have been violated, please contact: Human Resource department at (931) 528-1127. It is our desire to immediately address your concerns regarding our protection of your privacy completely. However, if your concerns are not addressed to your satisfaction, you may complain to the Secretary of Health and Human Services at the HHH Building, Washington, DC 20201.

We reserve the right to change any provision of this notice at any time by posting the revision at each of our service locations without segregating our records. If you would like more information or further explanation of our privacy practices, please call the Human Resource department at (931) 528-1127.
